Canadian Revenue Cutter Fires or An American Boat,

CLAIM SHE WAS POACHING.

Saw the Cutter, Tried to Ram Her Before She Could Stop-Then She Made Her Escape.

Erie, Pa., Aug. 12 .- The Silver Spray. a fishing boot owned here, came into port this afternoon in a badly shattered condition, due to an encounter in midiake about noon with the Canadian revenue cutter Petrel.

The Canadian authorities have for years had trouble with American fishermen poaching on the Canadian side of the lake, and the Petrel is kept constantly on the lookout for them.

At noon she came upon the Silver Spray on the Canadian side of the lake, and at once ordered Capt. Chris Chau to stop. The Petrel is a strong steel craft, and it is said attempted to ram the American boat before she could comply with the order to stop.

Capt. Chau decided to attempt to esape, and started ahead at full speed. The Petrel then opened fire with all her guns, and about 20 shots struck the Sitver Spray.

Two shots struck the pilothouse, in

which Capt. Chau stood at the wheel. One shot came within a few inches of Chau, scattering a myriad of splinters That no one was killed is miraculous,

as two shots struck the cabin, two the roof, three the after hurricane deck, and the others various parts of

The chase was kept up for some time, but when Capt. Chau got across the boundary line the Petrel gave up the Capt. Chau will report the affair to the state department at Washington, as he says he was only looking for some of his nets which had drifted from this

side toward the Canadian shore. TRUCKEE-CARSON CANAL.

#### Contract for Construction of the Same is Let.

Washington, Aug. 12.-The secretary of the interior has approved the award of the contract for the construction of an irrigation canal to connect the Truckes and Carson rivers in Nevada to Charles A. Warren & Co., of San Francisco and the E. B. & A. L. Stone Co. of Oakland, Cal., at an aggregate

cost of \$942,427.
This is the first definitet action taken by the department looki g to actual construction under the reclamation act. The proposed canal will be 39 miles in length. Its main purpose is to carry the waters of the Truckee river to a reservoir to be constructed in the valley of Carson river. Incidentally, however, about 8,000 acres of fand under-the canal will be irrigated by it.

Ultimately the project is expected to

tains Much Damage. Bar Harbor, Me, Aug. 12.-While leaving the harbor during a thick fog about noon today in company with other vessels of the North Atlantic squadron the battleship Massachusetts sustained considerable damage by striking on the ledge of rocks off the western end of Egg Rock. The big vessel slipped over the rocks into deep water, but the two forward bulkheads soon fillede and it was subsequently found by div-ers, who examined her hull, that sever-al plates forward had been cracked. The Massachusetts was headed back into the harbor with difficulty, accompanied by her sister vessel, the Indiana, and the gunboat Scorpion.

Washington, Aug. 12.—Chief Statisti-cian Powers of the insular bureau today transmitted to the Director of the census a report on the status of irrigation in the state of Washington for the year 1902. It shows that there are 4,598 irrigators in the state and that the irrigation area covers 154,962 acres. The cost of the system was \$2,330,758, and the total length of main ditches 1,095 miles.

### CURRENCY BILL.

#### Members of Senate Finance Committee Discuss it with President.

Oyster Bay, N. Y., Aug. 12.—President Roosevelt has as his guests to night at Sagamore Hill the members of the subcommittee of the senate committee on finance which is engaged i drafting a currency measure to be sub-mitted to Congress next fall.

The sub-committee consists of Sena-tors Aldrich, Rhode Island, chairman Platt. Connecticut; Allison, Iowa, and Spencer, Wisconsin. Before the adfournment of Congress last spring this sub-committee was appointed and authorized to sit during the recess of Con-gress to study the financial situation and prepare a measure to meet the re-quirement as the committee viewed it.

quirement as the committee viewed it, for introduction in the senate.

On this work the committee, sometimes as individuals, part of the time as a body, has engaged during the latter part of the summer. For a day or two the members have been guests of Senator Aldrich at his Warwick residence near Providence. They are preparing how to put into concrete form the results of their investigation and labor.

Desiring to consult with President Roosevelt regarding the work, the sub committee came to Oyster Bay late this afternoon. It could not be ascertained definitely whether a draft of a currency dennitely whether a draft of a currency measure had been made and was to be discussed tonight or not, but as the senators have been engaged for several days at Warwick, with their colleagues and stenographers, it is reasonably certain that some progress has been made toward the preparation of a currency bill.

#### BRITISH REPORT ON KISHINEFF MASSACRES

London, Aug. 12 .- A dispatch from the British consul general at Odessa, forwarding the report made by the British consul, V. Bosanquet, who was specially to Kishineff to obtain the facts regarding the recent anti-Jewish riots there, is published today. Mr. Bosanquet's report, which is dat-ed July 26, generally agrees with the stories of the occurrences cabled to the

Associated Press. It says:
"The area of the distubances comprised two-thirds of the town of Kish-ineff. The murders all occurred on Monday, the second day of the dis-turbance. They were perpetrated by bands of rloters in different parts of the town. Many believe they were the work of organized companies, which fact argues in favor of a pre-arranged conspiracy to exterminate the Jews. If this belief is not accepted the riots must be attributed to the articles in the Bessarabetz, the anti-Semite organ in Kishineff, to the unfounded report of the Jewsh murder of a Christian priest to the wine drunk early on Monday and to the belief which seems to have grown with the continued inaction of authorities, that the latter wished the Jews to be massacred or had even ordered it. Apparently, a feeling ex-isted among the lower calsses that the Jews ought not to be in a majority in Kishineff.

"The local authorities took no effective step to stop the riots. The soldlers were passive if not sympathetic spectators. The police contented themselves with the arrest of minor criminals un-til 4 o'clock in the afternoon, when the governor who had remained at home
